
Title: The Dark Paladins

Author: Shade

The path of a Dark
Paladin is an hard and
unholy way to follow.
Since the age of
darkness the Dark
Paladins played an
important role in the
dark realm. Theyr
evil bravery and
theyr powers have no
limits.If thou aren't a
Dark Paladin thou
can't understand well
how they are so
powerfull and why
they have tis great
knowledge. I'll try to
speak something about
this unholy and
damned person.
First of all a Dark
Paladin is a warrior.
He use magery as well
but he doesn't use the
arcane art to attack.
Indeed he have a great
power in his hands.
His body can resist
against several
enemys and reduce
the damage of magic
spells. Also his agility
and dextery come in
aid to him helping the
Dark Paladin in his
task. He know well
how to strike deadly .
He is a Grand Master
in tactics of war and
in a weapon skill.
Swords are indeed
theyr favourite
weapons. I saw many
Dark Paladins in my
life using a Katana or
a Broadsword and
with those wapons
they can be mortal as

a dragon. Are rare the
Dark Paladins that
use others kind of
weapons. But some of
them have a great
padronance with a
bow. Theyr arrows
can run fast directly
on theyr target and do
a deadly damage as a
blade. This evil
warriors can use
heavy shields and
they know well how to
block an attack. In the
end they are grand
master in an hard but
usefull art know as
"Anatomy". With a look
they can know all that
they want to know
about theyr enemys.
We know now that
indeed they are the
elite of all the
warriors in Britannia.
No one can fight them
without lose the head.
Only the best
Necromancer or
Infernal Knights can
deal well with them.
A Dark Paladin is a
pure evil mind and
soul. They serve a
cause .. or a Master
that show to him his
path. The way to
follow to bring more
evil and darkness on
Sossaria. If they can't
accomplish a task they
prefer become ghosts
and walk in the
infernal limbo
waiting for another
mission . They have
no honor and no
justice. But they have
a sort of code that turn
they all in respectable
persons.
The most powerfull
and skilled Dark
Paladin have a
permanent red aura .
Tis mean that are on
the way of

immortality waiting
for the last unholy
quest to accomplish to
learn at least the
final power called
"Xaratzak". Roumors
say that this power
turn the Dark Paladin
in an huge and
immortal evil spirit.
As spirit the Dark
Paladin can
polymorph himself
back to his human
form or in an undead.
Find a Dark Paladin
in his spirit form is
impossible . Only a
few have reached this
final status and no one
know who are they .
When the last power
is in the hands of the
Dark Paladin he can
continue his life in
our lands helping the
evil souls in theyr
purpose and actions of
all the day. When the
age of
this lands all of those
spirits will form the
"Ancient Shadow".
